2.2 SPECIFIC PROVISIONS FOR CERTAIN 3DS OFFERINGS

CATIA - 3DEXPERIENCE Design/Engineering business category

The following provisions supplement those of the corresponding section of the Offering Specific Terms for 3DEXPERIENCE R2025x Dedicated Cloud Online Services:

Systems software production engineering

For each Systems Software Production Engineer (6NB-SOP-DC) Online Service, Users (and Extended Enterprise Users, as applicable) are granted the right to execute up to four hundred thousand (400,000) production operations. A production operation has to be understood as an operation producing software assets as defined in the Documentation.

The number of production operations is specified on a yearly basis. For terms of one (1) year or less, all production operations are issued at the beginning of the term and unused production operations expire at the end of the term. For terms longer than one (1) year, production operations are issued per year and unused production operations expire at the end of the given year period; for any incomplete year period, the number of issued production operations is pro-rated and unused production operations expire at the end of the given incomplete year period.

Moreover, to be able to execute more production operations, Customer must order Systems Unit Credit Pack (Small) (6TP-SYU-S-DC) Credit Based Online Services. For each Systems Unit Credit Pack (Small) (6TP-SYU-S-DC) Credit Based Online Service, Users (and Extended Enterprise Users, as applicable) are granted the right to execute up to one million (1,000,000) production operations, unless defined differently in the Documentation.
