The applicable price for the ALC for any given year is the price of the previous year plus the last percentage of increase applicable to the license of a 3DS Offering in a given country, as published at <https://www.3ds.com/terms/price> at least ninety (90) days before renewal date. However, such increase shall not exceed the increase which would have resulted from the revision of the price of the ALC according to the applicable price index since the date of the last price increase published by 3DS at <https://www.3ds.com/terms/price> for the related 3DS Offering.

QLC is not automatically renewable. Termination of Support Services is not permitted without terminating the license of the 3DS Offering.
